

For the healthy future of our Democracy and a free press, I strongly urge the FCC NOT to repeal the law prohibiting a media company from owning both a newspaper and a television station in one geographic area. We, as citizens, deserve better! How can one company possibly present the divergent views so desperately needed at this time in our history? It is crucial that you listen to the voices of the citizens of our great nation. Your decisions will be very carefully observed. Our Democracy is at stake!
